STARLINK

Welcome to Starlink!

The team has received your order and is preparing it for shipment. You will be sent a separate email once your order ships.

Your Starlink Standard Kit is **provided as a rental at no cost**. If you cancel your service, you'll need to either return the hardware or pay the full retail price. Learn more [here](#).

2655 Tryon Courthouse Rd, Bessemer City, NC
28016, US

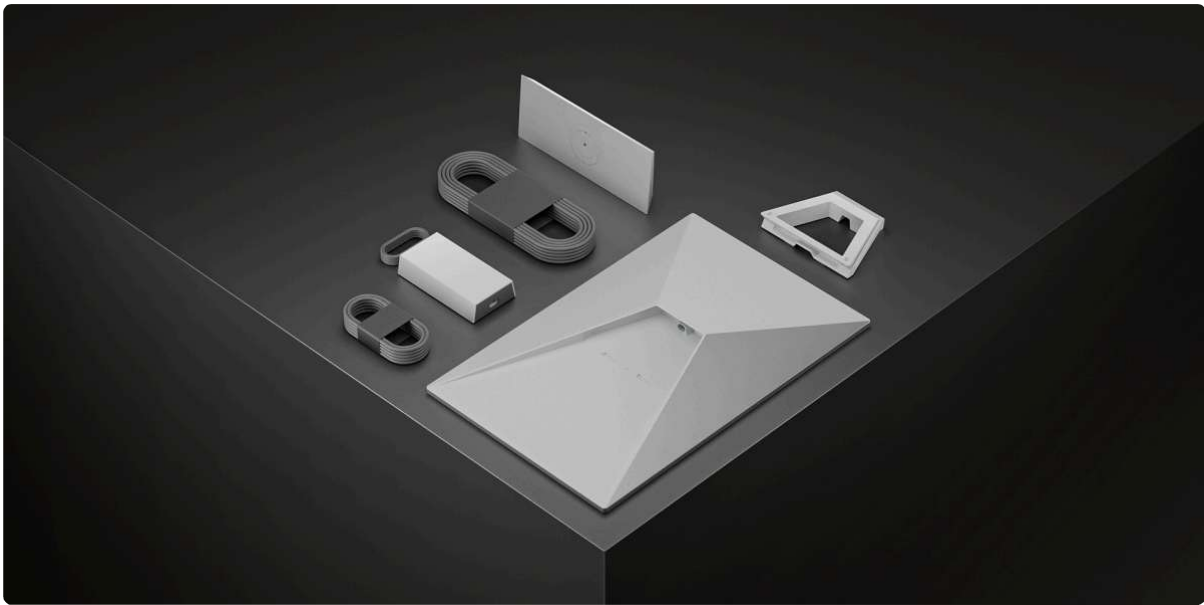

Find the Best Spot for Your Starlink

Use the [Starlink App](#) to find the set up location that will deliver the best service. Your Starlink needs a clear view of the sky so it can stay connected with satellites as they move overhead. Watch the video below to learn more.

What's in the Box

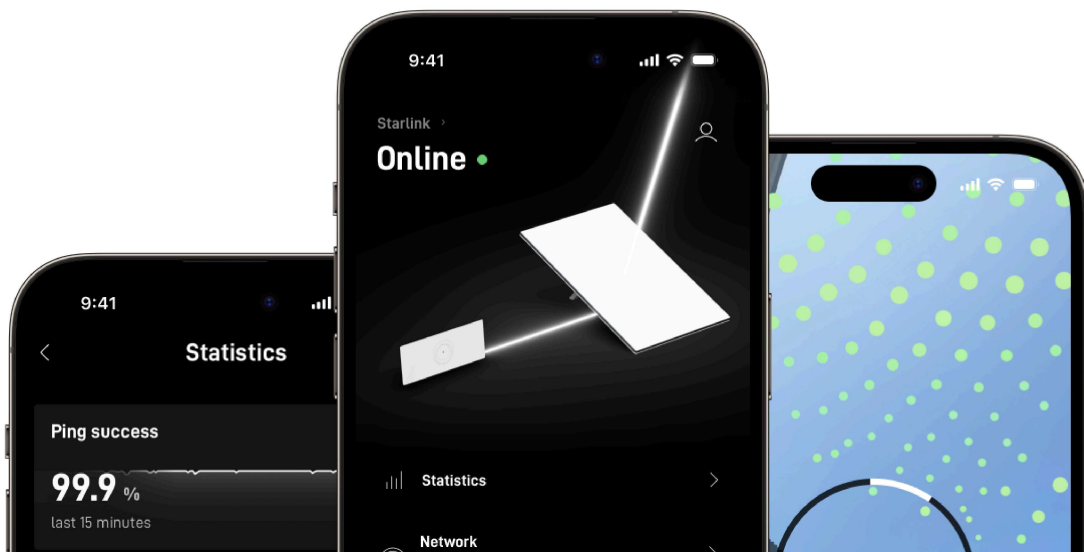

Your Starlink Standard Kit will arrive with everything you need to get online including your Starlink, Kickstand Mount, Gen 3 WiFi router, 15m (50 ft) Starlink Cable, 1.5m (5 ft) AC Power Cable, and Power Supply Unit.

Get Help with Starlink Installation

Starlink is designed for self-install, but if you are seeking help with installation, see [here](#) to learn more about options that may be available in your area.

Next Steps

Download the [Starlink App](#) to manage your account, check for obstructions, browse the shop, and set up your kit.

Visit the [Starlink Shop](#) to find accessories, mounts and hardware to make the most of your setup.

Sign in to [your account](#) for shipping details and more information.

Learn more about our [return policy](#).
